# BUILD WITH EFFICIENCY

Iowa homebuilders have the opportunity to get even more out of new construction projects with our **EnergyAdvantage® New Homes** program. This program provides expert advice and rebates on energy-efficient appliances and products designed to ensure new homes run efficiently.

Build a certified energy-efficient home by meeting these EnergyAdvantage and/or ENERGY STAR® specifications:

- High-efficiency air conditioner
- High-efficiency natural gas furnace
- High attic and wall insulation levels
- High-performance windows
- High-efficiency water heater
- Duct sealing and insulation

The power is in your hands with MidAmerican Energy.
